

Installation and Maintenance Positions

Growing Spaces is hiring enthusiastic and motivated individuals with a passion for healthy living and helping customers succeed in growing their dream gardens. We are searching for individuals who love to build and to travel, while also helping customers achieve their goal of year-round gardening.

- Construct and/or repair Growing Dome kits for customers on schedule and with 100% quality
- Always work safely and efficiently
- Act as a liaison for the company and represent Growing Spaces in a professional manner
- Work with a team, whether it be the customer themselves, a customer provided crew, independent contractors or other Growing Spaces team members
- Keep a clean and efficient worksite, clean-up site after each workday and prior to departing the site on the final day of the build
- Advise customers on the correct operation of dome features as well as any additional features or installation items not completed upon departure
- Fabricate and install planting beds inside Growing Dome, prepare site prior to install and possibly other optional turn-key items for customers

Requirements

- Have the capability to quickly learn how to install a Growing Dome kit and its components under the direction of a supervisor
- Have the skills and understanding to use the tools required to erect a dome kit, ie. transit, saws, drills, levels, tape measure, etc.
- Be comfortable working on ladders, scaffolding and on the dome itself, as well as on the ground and in a variety of weather situations.
- Be able to work efficiently and in a timely manner while still focusing on safety and quality
- Willingness to learn, have a strong work ethic and be a team player with positive attitude
- Be a resourceful and creative problem solver
- Must be willing to travel, including some weekends, and share lodging accommodations when traveling as needed
- Have driver's license, reliable transportation and phone, smart phone a plus
- Own your own tools a plus
- Ability to lift up to 50 lbs.
- At least 2 years construction experience
- Be able to pass a background check

Based in Pagosa Springs, Growing Spaces has been enabling gardeners, communities and businesses to grow fresh, healthy organic food year-round for 30 years. We design, manufacture and install geodesic dome greenhouse kits and have thousands installed in Colorado, all 50 states and 14 countries.

Installation positions available in both Pagosa Springs and Denver. Summer internships are also available.

Send your resume to employment@growingspaces.com or go online to print our application from our website, located under the "contact us" tab at www.growingspaces.com
