

## Production and Fabrication Positions

Growing Spaces is hiring enthusiastic and motivated individuals with a passion for healthy living and helping customers succeed in growing their dream gardens. We are looking for production and lumber fabrication team members who can build, kit and ship Growing Domes.

- light fabrication of Growing Dome components using jig saws, presses and hand tools
- fabricate lumber to specifications using drill press, table saw, miter saw and hand tools
- assemble and package Growing Dome kits onto pallets and crates
- ability to read work instructions and quickly learn new production processes
- ability to learn about how the Growing Dome is assembled and maintained in the field, and how it applies to production specifications

### Requirements

- experience working with common production and fabrication equipment
- attention to detail and problem-solving skills
- professional appearance and excellent communication skills
- ability to work independently and with a team
- ability to work in a productive and efficient manner, and get jobs completed on time with 100% quality
- strong work ethic, positive attitude, team-player, focus on safety in the workplace
- some travel may be required for Growing Dome delivery and maintenance

Based in Pagosa Springs, Growing Spaces has been enabling gardeners, communities and businesses to grow fresh, healthy organic food year-round for 30 years. We design, manufacture and install geodesic dome greenhouse kits and have thousands installed in Colorado, all 50 states and 14 countries.

**Production positions are in Pagosa Springs.** We are looking for talented, motivated team members who have a passion for healthy living and helping customers succeed in growing their dream gardens. **Summer internships are also available.**
